2.8	Genesis, inception, formation of the department.	https://www.bbmb.gov.in/formation-of-bbmb.htm
2.9	Expectation of the public authority from the public for enhancing its effectiveness and efficiency.	<p>BBMB is custodian of the infrastructure of its Partner States (Punjab, Haryana, Rajasthan and Himachal Pradesh for Power and Punjab, Haryana, Rajasthan for Irrigation) who are the major beneficiaries of water and power generated from the projects. In addition, some part of the water and power generated from the projects are also released to Common Pool Consumers. The concerned Power and Irrigation organizations of the Partner States act as the co-ordinating organizations on their behalf and can be treated as beneficiaries for all intents and purposes. In broader respect it is largely the public at large belonging to these states which is the ultimate beneficiary/customer of BBMB, although there is no direct interface of BBMB with them.</p> <p>The end product (Water and Power) is dependent on nature and BBMB manages these precious resources optimally with sense of equity and justice to the Partner States. It is expected that the citizenry of the Partner States appreciate the mutual interest as it is subject to the vagaries of nature.</p>

S.No.	Description	Reference
2.10	Arrangements and methods made for seeking public participation/ contribution.	<p>All modes of Communication (letters, fax, e-mail, telephones, personal hearing) are available for public queries/ grievances. The official website of BBMB : http://bbmb.gov.in/index.htm is available in both Hindi and English.</p> <p>We have designated Public Information Officers/ Assistant Public Information Officers at various locations of BBMB for the general convenience of the Public. For easy access of common citizen of the country a wide publicity through press and electronic media is also being resorted to.</p>
2.11.	Mechanism available for monitoring the service delivery and public grievance resolution	<p>For monitoring the Service delivery, many forums exist for review of performance, such as full Board meetings, Conferences of Chief Engineers with whole time Members & Chairman, Technical Committee Meetings, Power Sub-Committee meetings, Periodical Performance Reviews on various relevant aspects including financial performance, physical performance to provide directions for improvements etc. Timely action on decisions is taken and followed up at suitable levels.</p> <p>Special Secretary has been designated as Director Grievances who acts as a nodal officer for BBMB.
