सिम स्वैप एक प्रकार का अकाउंट को नियंत्रित करने वाला फ्रॉड है जहां सिम कार्ड का क्लोन बनाते हैं और आपके नंबर पे नया सिम कार्ड लेते हैं ताकि वह वन टाइम पासवर्ड (ओटीपी) और आपके बैंक खातों तक पहुंच सके

यदि आपका मोबाइल नंबर लंबे समय तक इनेक्रिव / सीमा से बाहर है तो यह

**सिम स्वैप धोखाधड़ी** का एक चेतावनी संकेत हो सकता है

आपका फ़ोन नंबर उतना ही महत्वपूर्ण है जितना आपका बैंक खाता **ध्यान से संभालें**

## How to spot **FAKE NEWS** ?

There are a number of things to watch out for when evaluating content online.

### **1** Take a closer look

Check the source of the story, do you recognize the website? Is it a credible/reliable source? If you are unfamiliar with the site, look in the about section or find out more information about the author.

### **2** Look beyond the headline

Check the entire article, many fake news stories use sensational or shocking headlines to grab attention. Often the headlines of fake news stories

are in all caps and use exclamation points.

### **3** Check other sources:

Are other reputable news/media outlets reporting on the story? Are there any sources in the story? If so, check they are reliable or if they even exist!

### **4** Is it a joke?

Mocking sites are popular online and sometimes it is not always clear whether a story is just a joke or parody... Check the website, is it known for creating funny stories?

### **5** Check the facts

check for published date and time. Fake news stories often contain incorrect dates or altered timelines. It is also a good idea to check when the article was published, is it current or an old news story? Have a check on who is the author.

### **6** Check your biases:

Are your own views or beliefs affecting your judgment because of news feature or report?

### **7** Think before you share
